

1.0 Cu.Ft. Portable Washing Machine

CV10DPWBLORCO

Comfee 1.0 Cu.Ft. Portable Washing Machine

Comfee

Cold water inlet

It's easy to move with wheels and handles on both sides

Built-in Filter- Remove lint & other debris easily

Transparent glass lid allows you to see and monitor the water and washing condition

Stainless steel inter tub

Easy to use

Less is more

Equipped with Heavy, Soft, Normal, Rapid and Soak programs, you are allowed to quickly start the machine the way you like. You are also welcomed to customize your washing program by selecting load size, adding additional wash time, rinse time and spin time.

Easy to store and relocate

Don't lift it, wheel it!

With only 18.1inch in width, 17.7inch in depth and 31.5inch in height, this portable washer is able to be stored easily. You can store it in your cabinet, RV, dorm, or even bathtub! Even better, it comes with wheels so that it can show up anywhere it needs to be.

Auto Unbalance Detection

Vibrate mode off!

Unbalance could be a very serious issue for washing machines. It could cause the washing machine to "dance on the floor", or even worse, to unleash itself from the water inlet, leaking everywhere. Equipped with Auto Unbalance Detection (AUD), however, it's able to automatically fix the unbalance issue by allowing more water to come in. It will also alert the user if the problem can't be fixed, ensuring a safe and pleasant experience.

Extremely Energy Saving

Saves energy, and your money

Our product has DOE (Department of Energy) certificate that clearly shows how much energy would be consumed on national average conditions. Saving as much as 87.5% energy consumption comparing to similar models.

See-through lid+LED Display

Seeing is believing

Transparent lid allows you to see and monitor the water and washing condition. LED display shows the time left to finish.

Comfee 1.0 Cu.Ft. Portable Washing Machine

Product Specifications

Content	Parameter
Model	CV10DPWBL0RC0
Voltage/Power	120V/ 60Hz/ 15A
Capacity	1.0 Cu.Ft.
